Fare	Hand Bag	Large Cabin Baggage	Checked baggage	Seat Selection	Changes	Refunds
SMART	Included baggage	Additional cost	Additional cost	Random assignment at no additional cost. Seat selection at an additional cost	Name, flight, date and route changes allowed at an additional cost	No refunds or reimbursement of tickets or optional services are allowed. Refunds of boarding fees only

The luggage included consists of one (1) handbag with maximum dimensions of 45cm x 35cm x 25cm (including wheels, pockets and handles) and a maximum weight of 10kg. It can be any item that can be carried on board under the front seat (with the exception of Passengers seated in an emergency exit or in the front row, in which case, it must be stored in the upper luggage rack).

In addition to your handbag, you can bring a coat, a small pocket umbrella, a small camera or a reading item (books, magazines, tablet) at no extra cost. In addition, it is recommended to carry any item of value and (or) fragile items within the handbag under the custody and supervision of the Passenger as JetSMART Airlines (the Carrier) will not be responsible for the loss or damage of such belongings, except in those cases and in accordance with the limits established in law or international conventions that may apply.

Baggage that does not comply with what is permitted will be sent by the Carrier to the aircraft hold as checked baggage, in which case the Passenger must pay for excess baggage, optional baggage service, or charge for oversized baggage as appropriate.

Each leg/route of the Ticket is independent and does not require to be used in the order issued.

Each Ticket is valid until the date and time of travel. Tickets are non-transferable.

The company can deny the transport in any of the legs, if the contracted fare has not been paid (in whole or in part), the Ticket has been obtained in violation of the law and/or the Passenger does not have the necessary documentation and/or requirements to travel. In the case of air tickets to or from Brazil, the air ticket is personal and non-transferable, so the name change is not allowed.

## **Changes**

All fares allow changes of date, flight, route and name, subject to payment of fines and/or fare difference as appropriate.

The changes are per Passenger and per leg and can be made up to one hour before the flight departure time through the Contact Center. Changes at the airport will not be allowed, nor will changes after the flight.

For changes to the date, flight or route, a fine of \$15,000 CLP must be paid for flights within Chilean territory, AR \$899 for flights within Argentine territory and \$24 USD for international flights, all of which are per Passenger for each leg plus the difference in fare, if applicable.

For changes to the name on the Ticket, a fine of \$40,000 CLP must be paid for flights within Chilean territory, AR \$2.199 for flights within Argentine territory and \$65 USD for international flights, all of which are per Passenger for each leg. Once the trip has begun, the name of the Ticket cannot be changed for any of the legs contained in the itinerary. In the case of reservations that include round trip flights, the request for a change of name must necessarily be made on both flights (legs), and the same person must be designated as the beneficiary of both tickets.

Notwithstanding the foregoing paragraph, changes of name relating to Passenger Tickets issued from a group reservation (understood as a reservation of tickets for 10 or more passengers), will not be subject to the fine indicated above, provided that the request for change of name is communicated to the Carrier at least 24 hours prior to the date of the flight.

In the case of group bookings, the submission of the passenger list and individualization of the passengers beneficiaries of the Tickets will be the exclusive responsibility of the person who made the reservation, and the check-in and boarding of said passengers will not be admitted unless the respective list has been communicated in writing to the Carrier at least 24 hours prior to the flight date.

If the change is for a lower value service, the difference may be used to pay the fine or additional optional services.

All optional services are kept for the new flight. If the Carrier is unable to confirm an optional service, it can be changed for the most similar option. If there is a balance in favor due to differences in the value of optional services, or if it cannot be confirmed in any category, this balance may be used as credit for the ticket change fine, without exceeding the value of the fine. Any excess balance will be in favor of JetSMART Airlines, not admitting any refund or use.

## **Refunds**

Tickets and optional services are not refundable. In case of not taking the flight due to causes attributable to the Passenger, it can only request the refund of all boarding fees and taxes in accordance with the law, which will be refunded to the Passenger's sole request through the Carrier's website.

For flights to or from Brazil, there is a fare that offers the possibility of reimbursement, this ticket can be purchased exclusively through the Call Center service.
